DETAILED ACTION

1. Claims 2, 6-11, 15-17, 45-59, and 66-73 are cancelled.
2. Claims 1, 3-5, 12-14, 18-44, and 60-65 are allowed.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marvin Glazer on September 26, 2005.

The application has been amended as follows:

Claims 45-59, and 66-73 have been cancelled.

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance:

Applicant's arguments on the amended independent claims 1, 23, 31, 35, and 38 of the RCE filed on June 21, 2005 has overcome the previous rejection in view of Philyaw. All other dependent claims are allowed due to their dependencies.

Prior art including Philyaw fails to teach applicant's argument of the user data being derived from the unique identification code associated with the copy of the software application installed by the user thereby counting the number of times an attempt has been made to obtain said service data in order to activate at least part of the functionality of the software application assigned to such unique identification code and selectively transmitting service data to the user's computer when said remote service provider determines and confirming the number of attempts is fewer than the predetermined threshold.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
